(Verse Two)

To make a long story longer remember when I said I would lay down my life before I let  
somebody harm ya  
So pop the Champaign and lets start the festivities  
I will always try to be mindful of sensitivities  
God bless D'Asia forgive for my iniquities  
Said that it would happen I didn't believe'um why  
Now I'm stand'n here go'n crazy look'n in ya eyes  
Could I fly wit you ride wit you baby I'll cry wit you  
Long as we together than baby I'm fine wit you  
I don't need much just your touch and some stacks and I'm good

(Chorus)

I wanna be ya man  
Girl a lot of dueds wanna hold ya hand but I'm a promise girl to give you all I can  
By ask'n this question I'm take'n a stand  
Can I be ya man?  
Deep down inside girl I wanna do this  
Girl we always hug but now I wanna kiss  
Girl you my world and I got one wish  
Can I be ya man?

(Verse Three)

It's gonna be a little hard you know my in's and my outs  
But I would never play you is you in your you out  
I know in the back back of ya mind you have'n ya doubts  
But I would never do to you the things I told you I did  
Crucified my old ways now through you I could I live  
If somebody teach me how I'll build you a crib  
Ya boyfriend should be ya best friend  
(If I was your best friend) Oops I forgot I am  
I'm a perfect candidate you already gave me a ten  
If I have to prove it mom I'll fight to the end  
I could be myself around you I don't have to pretend  
I don't know if you heard me so I'll say it again

(Bridge)

I just don't wanna be ya friend  
I wanna be ya boyfriend ya bestfriend  
Ya provida ya fire ya one hearts desire

(Chorus)

I wanna be ya man

Girl a lot of dueds wanna hold ya hand but I'm a promise girl to give you all I can

By ask'n this question I'm take'n a stand

Can I be ya man?

Deep down inside girl I wanna do this

Girl we always hug but now I wanna kiss

Girl you my world and I got one wish

Can I be ya man?
